PRIORITY CLAIM

NOTE: A "claim" for the benefit of an earlier filing date in a foreign country under 35 U.S.C. § 119(a)—(d) must be made in a reissue application even though such a claim was made in the application on which the original was granted. However, no additional certified copy of the foreign application is necessary. M.P.E.P., 6th ed., rev. 1, § 1417.

I hereby claim foreign priority benefits under Title 35, United States Code, § 119 of any foreign application(s) for patent or inventor's certificate listed below and have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the application on which priority is claimed.

BENEFIT OF PROVISIONAL APPLICATION

**STATEMENT OF INOPERATIVENESS
OR INVALIDITY OF ORIGINAL PATENT**
(37 C.F.R. § 1.175)

That I verily believe the original patent to be

(check all items that may apply)

- ☐ a defective specification
☐ a defective drawing
☐ the patentee claiming more or less than the patentee had a right to claim in the patent.

NOTE: At least one error must be relied upon as the basis for the reissue. 37 C.F.R. § 1.175(a)(1).

That the error listed above, which are being corrected, up to the time of the filing of this reissue declaration arose without any deceptive intention on the part of the applicant. (37 C.F.R. § 1.175(a)(2)).

NOTE: For any error corrected not covered by this declaration applicant must submit, before allowance, a supplemental declaration stating that every such error arose without any deceptive intention on the part of the applicant. 37 C.F.R. § 1.175(b)(1).

- ☐ Corroborating affidavits or declarations of others accompany this declaration.

I, **HIROSHI NEMOTO**, hereby declare that I believe U.S. Patent No. 5,577,767 to be partly inoperative by reason of claiming less than I had a right to claim in the patent.

Each claim of the patent is limited by the recitation of an "inner cover." That limitation is not necessary to distinguish my invention patentably from the prior art. The patent thus claims less than I had a right to claim. Accordingly, the "inner cover" limitations in the patent claims are errors being relied upon as the basis for reissue.

All errors being corrected in the present reissue application up to the time of filing of this declaration under 37 C.F.R. § 1.175 arose without deceptive intention on my part.

New claims 11-23 are presented in the present reissue application. New claim 11 is a rewritten version of patent claim 1 and does not recite an inner cover. New claims 12-15 similarly correspond to patent claims 2-5.

New claim 16 is a rewritten version of patent claim 6 and does not recite an inner cover. New claims 17 and 18 similarly correspond to patent claims 7 and 8.

New claim 19 is a rewritten version of patent claim 9 and does not recite an inner cover. New claim 20 similarly corresponds to patent claim 10.

New claims 21-23 are added to define the invention more fully.

It is respectfully submitted that new claims 11-20 correct the errors described above. It is further submitted that each of new claims 11-23 is allowable over the prior art. Allowance of the present reissue application is respectfully requested.
